

Draw the subsequence tree of 'abc'

substring

```
static void subset(string up, string p)
{
    if (up.empty()) {
        sop(p);
        return;
    }
    char ch = up.charAt(0);
    subset(p+ch, up.substring(1));
    subset(p, up.substring(1));
}
```
